Greater emphasis must be placed on competencies related to community health, public health, primary care, geriatrics, disease prevention, health promotion, and other topics beyond the provision of nursing care in acute care settings to ensure that nurses are ready to practice in an evolving health care.

The Lewin Group. Moss, H.

The Goal and a Plan for Achieving It. This was in stark contrast to her experience.

Older adults: Recommended baccalaureate competencies and curricular guidelines for geriatric nursing care. Debate Continues on Nursing Degrees. American Journal of Geriatric Psychiatry, 19 4

To this end, market-based salary adjustments must be made for faculty, and the paucity of evidence in nursing education and pedagogy calls for additional research and funding to ascertain the efficiency and effectiveness of approaches to nursing education, advancing evidence-based teaching and

interprofessional knowledge. The committee believes a target of doubling the number of nurses with a doctorate by would meet this need and is achievable.
