I was doing no such thing. If you aren't already a Jack Beale fan, Jessica's Secret will convince you in just the first few pages of the book. Showing Tales and mystery from hundreds of years past make their way into the current-day lives of a couple running a quaint New England inn. Action packed and yet the softer family theme theme throughout - not all blood and gore but the story lines are great. I love the artistic outlet of designing a garden and watching it change. Morefilters.I managed to pull away from him and run off. As he climbed in, he glanced back one last time and swore softly.
