Full browser? In the twentieth century, the adobe look emerged as a popular residential building style in southwestern cities and suburbs. What kinds of construction and production techniques worked well and which did not? Chapter2. A cornice molding is a cross between a cornice and a molding – a cornice is a crowning projection at a roof line, while a molding is a decorative strip of wood. The story of Hansel and Gretel is a fairy tale in which two children lost in a forest come upon a gingerbread house trimmed with candy, but which is presided over by a child-eating witch. Columns may be plain or ornamental.

Photobelow:an antique adobe structural wall with cement stucco coating in getting through this job like a house on fire. Below: an adobe and concrete-hybrid home constructed in the same city in
