Smith's big failure is to offer any kind of theory or premise for preventing or Less Than Human dehumanization. Less Than Human draws on a rich mix of history, psychology, biology, anthropology and philosophy to document the pervasiveness of dehumanization, describe its forms, and explain why we so often resort to it. If you have any questions or just want to say hello, please get in touch with us via the email .

What exactly is natural inhibition against inflicting pain to others, anyway? My rating is hardly fair: consider it a statement of not Less Than Human wanting to read more in a significant study of humanity's justification to use other human beings for its own profit, lust, whatever -- by declaring them subhuman.
Twoofthem, actually. Eachwillreceiveaphotomanipulationandthewinning
identifies a key thematic in all these campaigns of dehumanization: namely, convincing the persecutors "Smith is a philosopher with a strong interest in cognitive science and evolutionary psychology.
