Reviews Schrijf een review. And, it is an enormous pleasure to read. Instead, we need to measure social development - a group's ability to master its environment to get things done - and use the results to look at the patterns of history. That example can touch only tangentially on the host of problems arising when No one seriously interested in world or 'big' history can afford not to read this book. Welke opties voor jouw bestelling beschikbaar zijn, zie je bij het afronden van de bestelling. Beyond these aims lie other, historically more important, goals that become possible, or at any rate conceivable, only when the canvas is stretched as far in space and time as it is here.?
