On 5 January the European Union created the European Financial Stabilisation Mechanism EFSM an emergency funding programme reliant upon funds raised on the financial markets and guaranteed by the European Commission using the budget of the European Union as collateral. Retrieved 21 April Faced by the threat of a sovereign default and potential resulting exit of the eurozone, some final attempts were made by the Greek government in May to settle an agreement with the Troika about some adjusted terms for Greece to comply with in order to activate the transfer of the frozen bailout funds in its second programme.
