Hazel Courteney. Suzanne Braun-McGee marked it as to-read Dec 22, I'm already a fan, don't show this. Mar 29, Viv rated it liked it Recommends it for: Doreen. Although there is little scientific evidence of the efficacy of crystal healing, there has been very little research conducted and in our experience many people benefit from the energy of crystals. Either way is no good. Very good book, fascinating. The seller won't accept returns for this item. To be fair, though Courteney isn't saying she agrees with that theory, but that she is keeping an open mind.
